

MUHAMMAD MAZZ ATER

FULLSTACK NEXT JS DEVELOPER

PROFILE

I am a Hafiz-ul-Quran and a senior student at the Governor Sindh IT Initiative, specializing in Next.js and proficient in TypeScript. My skills include creating scalable applications, converting Figma designs into responsive websites, and developing dynamic e-commerce platforms with AI chatbots. I have experience in API integrations, Headless CMS and state management with Redux Toolkit, ensuring seamless user experiences. Notably, I developed a dynamic e-commerce site within 24 hours, standing out among 50,000 classmates, and have created award-winning website clones, demonstrating my innovation and technical excellence.
